

**A Prayer
When in a Hospital Room**

Dear God, so much is strange and
new to me
that sometimes I don't understand
what it's all about;
and I become anxious and afraid.

Please take away all my
anxieties,
all my doubts,
and all my fears.

Enable me to put my trust in
You, Lord,
that I may relax, grow calm,
and be confident of Your love
for me.

Enable me to become cheerful
in the face of this adversity.

Lord, be my constant source of
strength.
